- Digital Transformation – Processes
- Data management
- Artificial Intelligence
- Standards
- Legal and regulatory framework/ Institutional framework
- Cybersecurity
- Resiliency
- Lifecycle cost...

National Champion at the Highest Level

Qualified Team

- Individual solutions vs Regional Solutions
- What is the Region? LAC? Yesterday we had experts from Japan, Colombia, DR, Barcelona, Trinidad and Tobago.
- Which is the SIDS ecosystem? What drives digital transformation? Because, it is a means, not an end.
- Policy – Regulatory Environment – Lack of depth in quantity and competency level in ICT
- Institutional framework
- Competitive Environment – number of mobile operators
- Predictability
